**FCC TO HOLD  
DOMESTIC PUBLIC CELLULAR TELECOMMUNICATIONS SERVICE  
LOTTERY FOR UNSERVED AREAS**

**WEDNESDAY, SEPTEMBER 22, 1993**

The Federal Communications Commission will conduct a lottery to select Domestic Public Cellular Telecommunications Service applications to process in the Unserved Areas indicated below on Wednesday, September 22, 1993 at 10:00 A.M. in Room 856, 1919 M Street, N.W., Washington, D.C. The lottery will not include applications for markets 2 B Los Angeles, CA; 15 A Minneapolis, MN; and 26 A Phoenix, AZ. The Commission has not determined what action will be taken with respect to applications for these markets in light of the recent court remand in McElroy Electronics Corp v. FCC, No. 91-1545 (D.C. Cir. April 23, 1993).

2 A Los Angeles, CA	20 B Seattle Everett, WA
5 B Detroit, MI	24 B Kansas City, MO/KS
7 B San Francisco, CA	26 B Phoenix, AZ
9 B Dallas, TX	390 A Idaho 3 - Lemhi
10 B Houston, TX	485 A Minnesota 4 - Lake
11 A St. Louis, MO/IL	525 A Montana 3 - Phillips
11 B St. Louis, MO/IL	650 A Tennessee 8 - Johnson
19 B Denver, CO	722 A Wyoming 5 - Converse
20 A Seattle-Everett, WA	733 B American Samoa

Attached are lists of applications initially accepted for filing in these unserved areas. Applications on these lists may, upon further examination, be returned as unacceptable for filing. Applications that were dismissed as unacceptable for filing and have filed a Petition for Reconsideration or Application for Review will be conditionally included in the lottery pending final Commission action on the applications.

Each mutually exclusive cellular application has been assigned a code number. This number appears in the left column of the attachment. One code number will be drawn in each unserved area.

The lottery winners will be selected as follows:

Random numbers will be drawn by use of three forced-air blowers. The first number drawn (blower on the audience's left) will represent the left-most digit in the code number. That blower will contain ping-pong balls numbered between 0 and some other number depending on the number of applicants for the unserved area (e.g., if there are between 500 and 599 applicants, this blower will contain ping-pong balls numbered 0-5; if there are between 600 and 699 applicants, this blower will contain ping-pong balls numbered 0-6.) The second number drawn (the middle blower) will represent the second digit and will contain ping-pong balls numbered between 0 and some other number depending on the number of applicants for the unserved area. The third number drawn (blower on the audience's right) will represent the third digit and will contain ping-pong balls between 0 and some other number depending on the number of applicants for the unserved area. As stated above, one code number will be drawn for each unserved area.

Following the drawing, the Commission will assign a file number to each winning application and will issue a public notice announcing the results of the lottery. Section 22.6(d)(3) directs the lottery winner to submit the paper original of the application within 7 days after the release of the public notice announcing the results of the lottery. Applicants are reminded that pursuant to Section 1.823(b)(3) the filing period for Petitions to Deny will not commence until the issuance of a subsequent Public Notice which will announce the tentative selectee for each unserved area.

In the event that the application selected cannot be granted, another lottery will be held for that unserved area and another application will be selected from the remaining applications.

Corrections to the application lists should be filed in writing within 30 days of this Lottery Notice and should be addressed to:

Mobile Services Division, Rm. 644
